SERVICE PHILOSOPHY

At Wilston Kids Care we understand that childhood offers rich and unique play-based learning and development opportunities. When supported by a safe and secure environment where the child's rights and ideas are valued, children are able to flourish into confident, caring and effective learners. When children experience trusting, reciprocal relationships in a community where inclusion and wellbeing are prioritised they are provided with the foundation for success in later life. We are dedicated to providing a fun and happy environment where children are respected as individuals and are given agency to lead their own play, leisure, learning and development.
