World Environment Day

Happy World Environment Day!

World Environment Day is a global initiative to raise awareness and inspire action for the protection and preservation of our planet's natural environment. Led by the United Nations, this day encourages individuals, communities, and governments to come together and take concrete steps towards sustainable living and conservation efforts. It serves as a poignant reminder of our collective responsibility to safeguard Earth's biodiversity, mitigate climate change, and ensure a healthier and greener future for all.

At Wilston Kids care we are constantly striving to think of new ways we can look after our environment with initiatives such as Containers for Change, Closing the Loop, and the Nespresso Pod program.

Our Containers for Change, Closing the loop and Nespresso pod branded bins are located on the Wilston Kids Care stage area and in the WKC Community Garden area.

Don't attend Wilston Kids Care? Don't worry, You can still contribute! Anyone can add to these bins even if you don't attend Wilston Kids Care. We want this to be a community initiative that supports our community garden, for produce everyone in the school community can enjoy.
